The organisers accept NO responsibility for the loss or damage to persons or property however occasioned.

The Team

John Wright, an ex-England Sporting Clays team member, and recently retired head keeper for the famous Chevening Shoot, is superbly qualified to deliver some of the finest simulated game shooting in the area, utilising the very latest Promatic oscillating auto clay traps. Enthusiasm and attention to detail are all the hallmarks of the Game Clays philosophy.

William New, a well known local farmer and keen game shot, joined forces with John to form a reliable team who in a relatively short period have gained an enviable reputation for producing a great day of sport.

Lucy, Petra and Pat help with the administration and catering.

The Concept of "Game Clays"

The concept is to replicate a days driven game shooting for a team of guns as near as possible in every detail to the "real" thing.

An exciting, authentic and affordable alternative at a fraction of the cost.

Simulated days are held at various locations where the terrain lends itself to presenting challenging "birds".

We are particularly privileged to be offered full facilities on the Montreal Estate; being on the Kent/Surrey border the venue is easily accessible from the M25 (Jct 6)

Program

The Montreal Estate is rapidly establishing a reputation for producing pheasant drives of exceptional quality. Many of these drives are incorporated in our simulated days.

Meet at 8.45am at the Woodman Pub, Ide Hill, TN14 6BU.

for

Bacon Rolls, Tea and Coffee

Introduction and Safety Briefing

Travel to Shoot Venue
Commence shooting 10.00am
2 drives, a short drinks break
3-4 further drives

followed by lunch at the Woodman,

- Hearing protection advised ((supplied)
- Glove or hand-guard for s/s users recommended

Equipment

Our equipment is also available for hire at your own venues

General Information

Our Simulated Game days provide the opportunity for beginners and novices to experience the excitement of game shooting without the pressure of a "live day".

Experienced shots will be tested with challenging "birds" on various drives throughout the day.

Qualified instruction can be available for novices if required. The cost £60 can be shared.

Ask us about the "Game Clays" charity challenge, it is very exciting.
